Since Maharashtra is facing acute power shortages particularly during peak hours, and RGPPL currently already has a stock of 34000 KL of Naphtha, the stocks of Naphtha available could be suitably augmented through fresh purchases of Naphtha to the extent that the pooled price is acceptable to Maharashtra.

Power projects for North Eastern Region

489. SHRI SILVIUS CONDPAN: Will the Minister of POWER be pleased to state:

(a) the ongoing and proposed power projects in Nortn-Eastern States and the present status of these projects; and
